

Thank you for being a part of the Small Business Knowledge Center (SBKC) Consumer Panel!

Participating in our panel is easy! There are three ways to earn points, through submitting your direct mail, email and downloading our digital ad tracker. Every month, you will receive a newsletter that includes any announcements and an update on your point status. When you reach 2,000 points, you will earn a \$20 MasterCard gift card code via email! Please review each section below on how to participate!

Direct Mail

Simply collect your mail and send it to us in one of the pre-paid postage envelopes provided. We try to replenish these at regular intervals, but if you run out, just let us know and we will send you more! All mail should be clean, neatly opened, free from markings/writing and all of the pieces included (envelope, inserts, mail slips, and return envelopes, etc.) There is no need to block out private information, we remove all information when your mail is received. Mail must be addressed to you at your registered mailing address. If you need to add additional household members, please email us at the email address below. Send us back your filled pre-paid envelopes as often as you can even if they are not full. We recommend you send us a mailbag every week or once per month at a minimum. Please see the back side of this page for details on what types of mail we collect.

Email

To participate via email, forward your emails to us at consumers@sbkcenter.com. Each email needs to be forwarded individually in order for our system to accept it. We cannot accept emails via auto-forward or attachment. Please send only HTML-enabled emails with all graphics and/or pictures intact. We do not collect text-only emails, social media notifications, or emails from your junk/spam folder. If you are forwarding from your mobile device, please make sure the email downloads images before you send it. For maximum rewards, make sure your emails are no more than 2 weeks old to qualify. Follow the guide on the back of this page for the types of emails to send.

Digital Ad Tracking

Our digital ad tracking is through Google Chrome. To participate, you will need to install our web extension on your Google Chrome internet browser on your desktop or laptop computer (note: this is not available on phones or tablets). Follow the link in your welcome email or search "SBKC Panel" in the Chrome Web Store to download. Once installed, you are all set! When you browse the web like you normally do, the extension will collect any ads that you receive, and the extension will not affect the performance of your computer. Having the browser extension installed earns you 200 points per month! That's 2,400 points per year!

After doing all of the above, you will be a fully participating panelist and on your way to great rewards! If you have any questions please contact us by the email or phone number below!

Privacy Policy: The Small Business Knowledge Center ensures the privacy of our panelists. You will not be solicited in any way as a result of your participation. All unique identifying information such as names, addresses, phone numbers, account numbers and invitation numbers are eliminated before any of the materials are used. After we have finished scanning each mail piece, it is shredded and recycled.
